

Compton Gamma Ray Observatory (CGRO)

UNH was part of the team that developed the COMPTEL instrument, one of four on the CGRO spacecraft. The UNH COMPTEL team included Jim Ryan (co-PI), Stan Ellis, and Mark McConnell (plus many others).

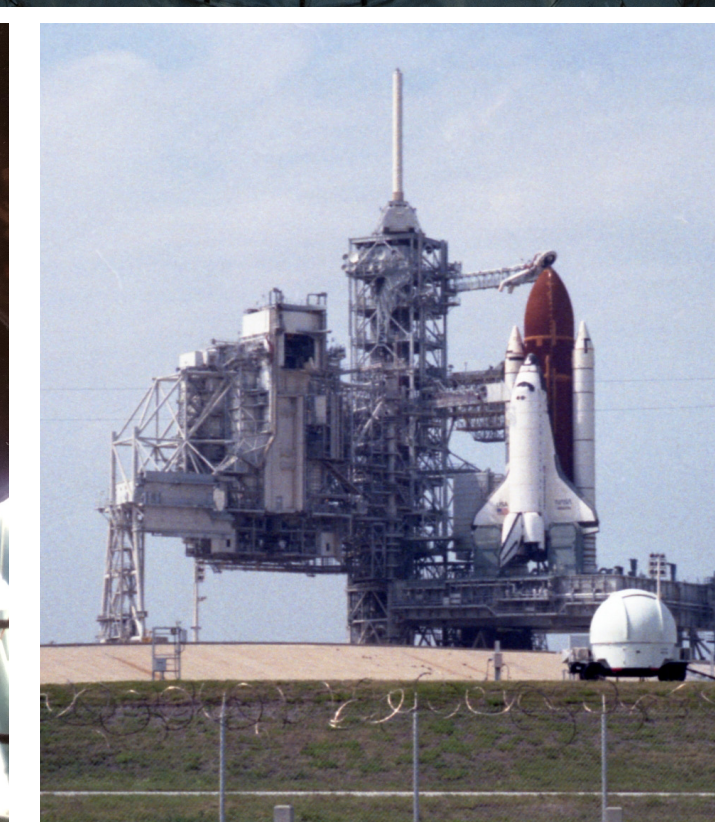

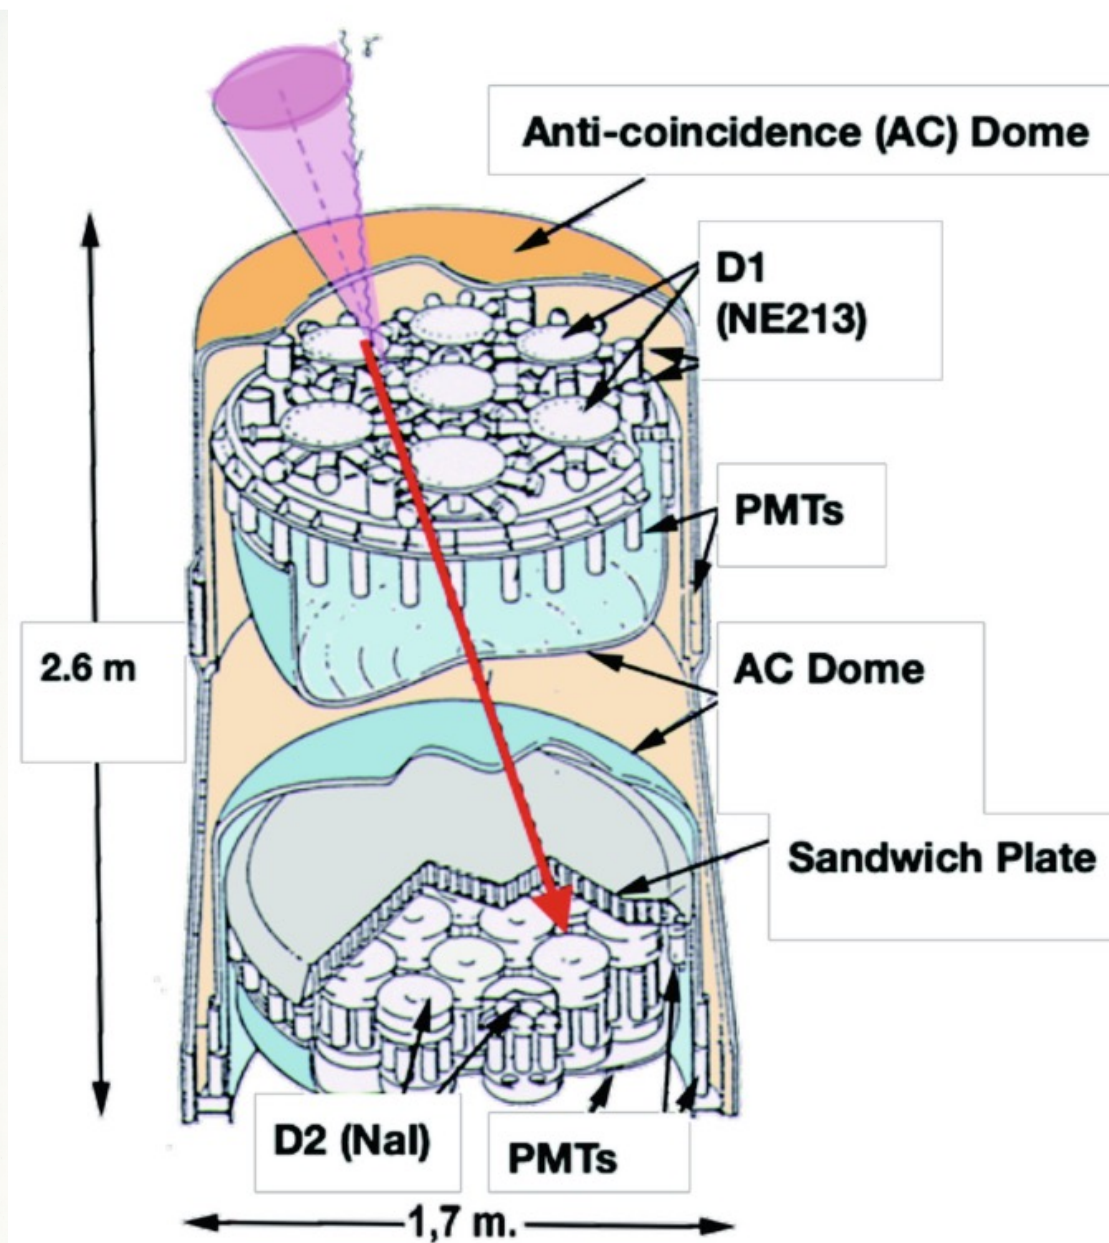

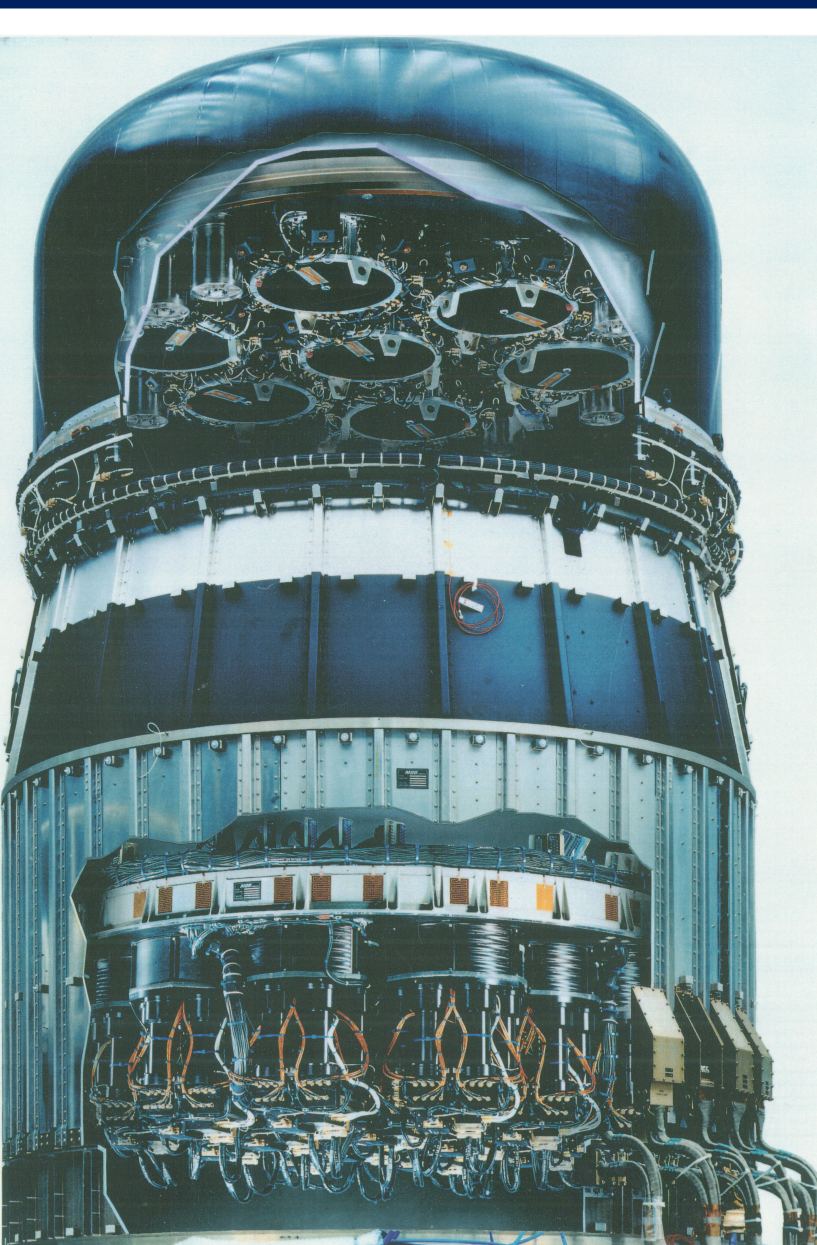

The CGRO Spacecraft

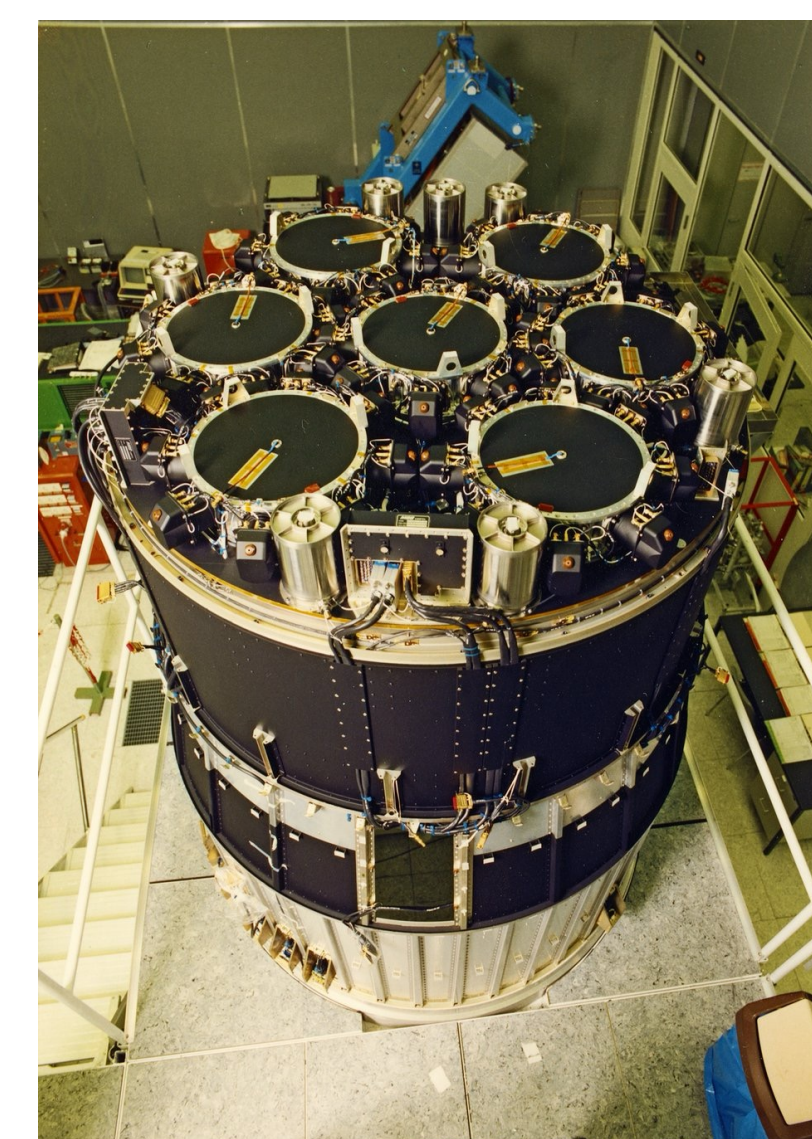

Launch and Deployment - April 1991

The COMPTEL Instrument

COMPTEL D1 Detectors Developed at UNH

Radioactive ²⁶Al in the Galaxy
